

## National Conference on Urban Entomology and Invasive Pest Ant Conference Call for Symposia

**TO:** Urban Entomologists

**FROM:** Erin Monteagudo, Program Chair  
2024 National Conference on Urban Entomology

**DATE:** July 11, 2023

**SUBJECT:** Call for NCUE & IPA Symposia

The **National Conference on Urban Entomology** (NCUE) brings academia and industry together in the true spirit of cooperation to address urban economic and human health concerns. This conference, held every other year since 1986, offers a unique opportunity to share research and network with passionate professionals in the field of urban entomology. The joint NCUE and IPA Conference will be held **May 19-22, 2024** at the Renaissance Riverview, Mobile AL. Symposia are now being accepted. The submission deadline is **September 29, 2023**.

### Samples of Previous Conference Symposia:

- Invasive Ant Management
- Commercialization of Pest Management
- Peridomestic Cockroaches in Urban Environments
- Remote Pest Monitors and Monitoring Technology
- Public Health, Pests and People
- IPM Strategies in Low Income Housing
- Professional Credentialing
