

National Conference on Urban Entomology & Invasive Pest Ant Conference Call for Papers

TO: Urban Entomologists

FROM: Carrie Cottone, Conference Chair
2024 National Conference on Urban Entomology & Invasive Pest Ant Conference

DATE: 11 July 2024

SUBJECT: **Call for NCUE & IPA Student and Submitted Papers**

The **National Conference on Urban Entomology** (NCUE) brings academia and industry together in the true spirit of cooperation to address urban economic and human health concerns. This conference, held every other year since 1986, offers a unique opportunity to share research and network with passionate professionals in the field of urban entomology. The joint NCUE and IPA Conference will be held **May 19-22, 2024** at the Renaissance Riverview, Mobile AL. Submitted papers (15 min) and Student Competition papers (10 min) are now being accepted. Each conference attendee may be the presenting author for only one paper, but may be listed as an 'additional author' for multiple papers. The submission deadline is **March 1, 2024**.

Please use the following page for your submission and send the information as the text of an email or as a Word or pdf attachment to ncue.submissions@gmail.com. Papers may complement the symposia or represent any facet of urban entomology or invasive ant management.

Samples of Previous Conference Symposia:

- Invasive Ant Management
- Commercialization of Pest Management
- Peridomestic Cockroaches in Urban Environments
- Remote Pest Monitors and Monitoring Technology
- Public Health, Pests and People
- IPM Strategies in Low Income Housing
- Professional Credentialing

NOTE: Symposia speakers should submit their information to corresponding symposia organizer(s). Symposia can contain any number of presentations but must fit within the allotted two-hour block of time.

Conference information, including award nomination forms, are available at ncue.tamu.edu and facebook.com/groups/NCUEIPAC/.

Paper Submission Form

Include the following information in the body of an email or as a Word or pdf attachment and send to Erin Monteagudo at ncue.submissions@gmail.com. Submission Deadline is **March 1, 2024**

Indicate one:

- 10 Minute Student Competition Paper (8 min presentation, 2 min questions)**
- 15 Minute Submitted Paper (13 min presentation, 2 min questions)**

Include these four components:

Title

Authors (PRESENTER IN CAPS; e.g. WARREN BOOTH, Edward L. Vargo, and Coby Schal)

Affiliations (ALL CAPS for presenting author, e.g. NORTH CAROLINA STATE UNIVERSITY; University of California Riverside, Syngenta Crop Science)

Abstract (250 words, maximum):

Example:

Title: What can molecular markers tell us about urban pest populations that we didn't already know?

Authors: WARREN BOOTH, Edward L. Vargo, and Coby Schal

Affiliations: NORTH CAROLINA STATE UNIVERSITY, University of California Riverside, Syngenta Crop Science

Please also include your 250 (maximum) abstract for the conference proceedings (submitted and student competition). You will have the opportunity to rewrite your abstract and submit your entire paper for the NCUE/IPA Proceedings after the conference.
